

▼ BridgeHealth gives you access to the top providers in the country—and cost savings

BridgeHealth is a program offered at no additional charge to you. The program provides you with access to highly rated providers for certain non-emergency surgeries such as a knee replacement or back surgery. BridgeHealth also helps you save on healthcare costs.

BridgeHealth can help you make informed healthcare decisions

- Health information tools – Symptom checker, educational videos, and educational material on health conditions/procedures
- Provider information tools – Hospital Network lookup (for provider and physician profiles) and hospital quality ratings

BridgeHealth can help you with a doctor-recommended surgery

- BridgeHealth can help you get a second opinion if you'd like
- A Care Coordinator can guide you through the entire surgery process—from scheduling to after-surgery care

BridgeHealth can save you money

- If you choose a provider from our network your deductible and coinsurance will be waived, you'll know all your costs up front—so there'll be no surprise bills after surgery
